

Overview

This higher qualification is designed for the student who wants to **start and run their own business**, covering a wide range of topics such as **business management, marketing, project management and entrepreneurship**. Throughout the course, students are encouraged to **build plans** on how they see **challenges**, at local or regional level, and what needs to transpire in order for these challenges to be addressed and solved. This has been regarded as one of the most exciting, modern and future ready **Entrepreneurship** and **Business** courses in South Africa today.

Upon successful completion, students may then elect a **specialisation** into **Future Technologies** or **Digital Marketing...or both**.

FUTTECH1 Specialization in Future Technologies

Future Technologies

Here, students will understand the impact of new technology in our world, in marketing and the power of exponential growth by learning about future technologies

- The Internet of Things
- Robotics and Artificial Intelligence
- BlockChain Theory
- Biotechnology
- Virtual, Augmented Reality, Networks and Sensors

- Smart Energy
- Space Technology

DIGMARK2 Specialization in Digital Marketing

Digital Marketing

Digital Marketing is an art combining consumer insight and an in-depth knowledge into the internet of things. This module will teach you how to market effectively in the digital space by applying the best of online marketing technologies such as SEO, PPC and leading social media platforms.

- Digital Marketing in Context, Strategy, and Research
- CRM and SEO
- Google AdWords (PPC Marketing)
- Channels (Search, Online, Video, Email, Social Media, Mobile Marketing)
- Social Media Strategy, UX, Web Development and Design, Writing for Digital
- Testing (Analytics) and Optimisation

Features & Benefits

1. Students will build their own business plan throughout the year.
2. This program incorporates the **Project Management Institute's (PMI ®) Project Management Body of Knowledge (PMBOK ®)**, integrated into its project management curriculum, a invaluable asset to your career as it increases employment prospects and helps you do your job more effectively. The **PMI (Project Management Institute)** aligns its process with certification industry best practices, such as those found in the **Standards for Educational and Psychological Testing**. The PMP® certification is also accredited against the internationally recognized **ISO 17024** standard.

3. Practical skills were added to improve job and industry readiness such as **Microsoft Project, Word, Excel, PowerPoint** and more.

4. Get a free **Office 365 Education A1 license**, valid for the duration of your studies.

5. Job placement assistance through our industry network and online recruitment portal, exclusively available to **AIE graduates**. Visit www.recruitgraduates.co.za for more.
